Hi s.38
For Mike's meeting this afternoon. I have only updated to provide new information.

2. Protest – Update (All) (unclass ITAC Threat Highlight attached)
   - The Ottawa protest organizers appear to be increasingly more anti-government than anti-vaccine mandate for truckers. At a midnight news conference last night, the organizers noted they wanted to "sit at a table with the Conservatives, and the NDP, and the Bloc, as a coalition. I'll sit with the governor general… put us at a table with somebody who actually cares about Canada".
     - **Canada Unity**, which operates as an umbrella organization for many of the protesters, continues to collect signatures for its "memorandum of understanding", a document that demands the Canadian government rescind all vaccine requirements or "RESIGN their lawful positions of authority immediately". The National Post reports that the Governor General's office has been "inundated" by protest supporters calling for the Prime Minister to be fired.

   - There appears to be limited engagement between the City and the Province of Ontario, though Premier Ford tweeted his support today for the reopening of the Ambassador Bridge.

- **You** may wish to ask IGA for an update on intergovernmental engagement.
- **You** may wish to ask for an update on the federal response to the Mayor of Ottawa's request for assistance.

- The organizers have established a Not-for-Profit Corporation, Freedom 2022 Human Rights and Freedoms, that was registered federally on Jan 30. The GiveSendGo campaign will now be directed to the not-for-profit.
  - s.38 [redacted]

- Winnipeg protesters experienced minor injuries when an **impaired driver** drove into a group on the evening of Friday, 4 February 2022. The driver was released from custody on conditions and facing a number of charges. **Initial information suggests that this incident is not of national security interest**.

3. Roundtable
